

Roland HP305 (Rosewood or Black)
Available in Ebony Polish for an additional charge

What are the benefits of the HP305 over the HP302

- **Improved Key Texture:** Natural ivory feel for white keys and natural ebony feel for black keys, 2-piece structure absorbs finger moisture providing stability and comfort.
- **More Amplification:** 30 Watts x 2 (vs 12 Watts x 2)
- **More Volume Level:** 107db (vs 105db)
- **More Speakers:** 12 cm x 2, 5 cm x 2 (vs 12 cm x 2)
- **Cabinetry Upgrade:** Slightly wider music rest and the music rest is hinged so that it lays down. Makes it easy to put a laptop computer on it for reading music from the screen. Also the music clips that help keep your music book open are brass rather than plastic.
