

Roland HP307 (Rosewood or Black)
Available in Ebony Polish for an additional charge

What are the benefits of the HP307 over the HP305?

- **Full Range Sound System for a more refined and better balanced sound:** 60W x 2, 2 tweeters, 2 bass speakers enclosed in sound box (vs. 12W x 2, 2 full range speakers)
- **More Volume Level:** 110db (vs 107db)
- **LCD Screen:** 128 x 64 dots Graphic (vs. 3 digit LED Screen); allows you to see song names, tone names, and makes the piano much easier and more intuitive to operate
- **Cabinetry Upgrades:** *2 position key cover*—first position hides control panel, second covers keys too; slightly *larger cabinet* for more traditional piano look; wider music rest; *swiveling USB input port* for easier access
- **Piano Designer:** Customize your piano sound with these parameters: Open/Close grand piano lid, hammer noise, damper resonance, damper noise, duplex scale, string resonance, key off resonance
- **More Levels of Touch Sensitivity Adjustment:** 100 (vs. 5)
- **Equalizer:** 4 band digital equalizer
